EEG Technician-Department of Psychology and Cognitive Sciences

Location	Sonipat, Haryana (Delhi-NCR)
Department	Department of Psychology and Cognitive Sciences
Reports To	Head of the Department
Role Type	Purely temporary for 1 year (likely to be extended based on performance and availability of funds)
Experience	[Minimum 3 years]

ABOUT THE ROLE

Perform routine and specialized EEG procedures as per standard protocols.

ROLES AND RESPONSIBILITIES

- Prepare Subjects for EEG testing and explain the procedure.
- Maintain accurate patient records and technical documentation.
- Assist faculty, students and researchers in neurophysiological investigations.
- Follow institutional safety, quality assurance, and ethical guidelines.
- Assist in scheduling EEG appointments and coordinating with researchers and participants.
- Ensure proper calibration, maintenance, troubleshooting, and routine servicing of EEG equipment and accessories.
- Perform other duties assigned by the Head of Department related to EEG laboratory operations.

WHAT WE ARE LOOKING FOR

Qualifications

- Diploma/Bachelor's degree in Neurophysiology Technology, EEG Technology, Medical Laboratory or any other equivalent qualification in the related allied health field.
- Knowledge of subject preparation, infection control practices, and maintenance of EEG equipment.
- Basic computer skills and accurate record-keeping ability.

Desired Attributes

- Experience in performing EEG recordings and handling EEG equipment.
- Prior experience in Actichamp-64 channel would be an additional advantage.
- Authorship in an international peer reviewed publication would be an added advantage

Specific skill: Proficiency in EEG acquisition software.

Who You Are

- [Core behavioural trait - e.g. You are highly organised and can manage multiple priorities without losing attention to detail.]
- [Collaboration trait - e.g. You work well with stakeholders at different levels and can communicate clearly in writing and in person.]
- [Mindset trait - e.g. You are proactive: you identify problems before they escalate and bring solutions, not just questions.]
- [Context fit - e.g. You are comfortable in a fast-moving, mission-driven environment and do not need extensive hand-holding.]
-

ABOUT ASHOKA UNIVERSITY

Ashoka University is India's premier interdisciplinary higher education and research-focused institution, offering world-class opportunities in the natural sciences, social sciences, and humanities. Established in 2014 by leaders, thinkers, academics, and philanthropists from diverse fields, it operates on a unique model of collective philanthropy, integrating exemplary governance standards with cutting-edge pedagogy and a faculty body of international acclaim.

Today, the University has a community of 3000+ students and operates seven Schools imparting industry-oriented education, professional skills, and values-based learning to prepare students for global careers. The University espouses principles of inclusivity and diversity, having more than 57% women, 4% international scholars, 100+ students with disabilities, and over 47% students on scholarships. Since its inception, Rs 723 crores have been awarded in scholarships with over 2,000 students receiving full-tuition fee waivers cumulatively and 5400+ students being supported through scholarships. In addition, nearly 5500 of Ashoka's alumni are pursuing careers of their choice in reputed organisations and leading universities across the world.

Ashoka University continues to reaffirm its commitment to building an inclusive institution of excellence in teaching and research, nurturing responsible leaders for India and the world. In 2025, Ashoka University was honoured with the 'University of the Year (Emerging)' award at the 20th FICCI Higher Education Summit 2025 - one of India's notable industry platforms celebrating excellence in academia and innovation. The University also secured the first position in the Indian Institutional Ranking Framework (IIRF) 2025 in two prestigious categories.

The Ashoka advantage will continue to equip its students with the skills to see the big picture - to critically analyse, question, interpret, craft compelling arguments, and find sustainable solutions. It is a collective effort towards nation-building. This is where tomorrow's leaders are born.
